

Hello. I am sorry to hear that this station may be affected by an expansion of LPFM. KLOVE is very important to the Christian and non-Christian community here in Durham in that it helps to counter the awful hip-hop music to which many young kids are listening. It provides uplifting, life-enhancing music to people who are struggling with terrible problems like teen pregnancy, no parenting, drugs, gangs, etc. If this station were to be taken off the air in the Durham area, this would be a tragedy. Instead of giving a positive way of thinking about life and the fellow man, it would be replaced by lyrics in songs that give the youngsters in our community the feeling that it is okay to murder, main and kill as long as you are number 1.

KLOVE is very important to helping not only the young believe in the goodness of life but to others in the community who slog through life without realizing that there is a God who does care and love them and wants only the best for them. The message that although life is hard and not fair but that God does care and is there for everyone would be lost if this station were taken off the air. Thank you.
